

ABSTRAK

Gea, Deswan. 2024. *Upaya Peningkatan Hasil Belajar IPA Melalui Model Pembelajaran Cooperative Script Kelas IX SMP Negeri 1 Gunungsitoli Idanoi Tahun Pelajaran 2023/2024*. Skripsi. Pembimbing: Toroziduhu Waruwu, S.Pd., M.Pd.

Penelitian ini dilatarbelakangi oleh rendahnya hasil belajar peserta didik pada mata pelajaran IPA dan pelaksanaan proses pembelajaran di dalam kelas masih berpusat kepada guru. Penelitian ini bertujuan: (1) Mendeskripsikan pelaksanaan proses pembelajaran melalui penerapan model pembelajaran *Cooperative Script*. (2) Mendeskripsikan hasil belajar peserta didik pada mata pelajaran IPA melalui penerapan model pembelajaran *Cooperative Script*. Lokasi penelitian adalah SMP Negeri 1 Gunungsitoli Idanoi. Subjek penelitian adalah peserta didik kelas IX dengan jumlah 30 orang yang terdiri dari 14 orang laki-laki dan 16 orang perempuan. Penelitian ini dilaksanakan pada bulan September - Oktober 2023 semester Ganjil di Tahun Pelajaran 2023/2024. Materi penelitian di Siklus I yaitu Sistem Reproduksi pada Manusia, dan Siklus II yaitu Sistem Perkembangbiakan pada Tumbuhan dan Hewan. Metode penelitian yang digunakan adalah Penelitian Tindakan Kelas (PTK) yang terdiri dari empat tahap yaitu: a) Perencanaan, b) Tindakan, c) Observasi, dan d) Refleksi. Instrumen penelitiannya yaitu: a) Lembaran observasi, b) Tes hasil belajar, c) Dokumentasi. Hasil penelitian: (1) Pelaksanaan proses pembelajaran melalui penerapan model pembelajaran *Cooperative Script* sesuai dengan lembar observasi proses pembelajaran (responden guru) pada Siklus I rata-rata persentasenya sebesar 60,42% dan di Siklus II sebesar 84,38%. Selanjutnya sesuai dengan lembar observasi peserta didik yang terlibat aktif dalam proses pembelajaran pada Siklus I rata-rata persentasenya sebesar 62,36% dan di Siklus II sebesar 88,54%. (2) Hasil belajar peserta didik melalui penerapan model pembelajaran *Cooperative Script* pada Siklus I rata-ratanya sebesar 68,93 kriteria cukup dengan persentase ketuntasan 56,67% dan di Siklus II rata-rata hasil belajarnya sebesar 80,67 kriteria baik dengan persentase ketuntasan 83,33%.

Kata Kunci: *Cooperative Script*, Hasil Belajar

ABSTRACT

Gea, Deswan. 2024. Efforts to Improve Science Learning Outcomes Through the Cooperative Script Learning Model for Class IX SMP Negeri 1 Gunungsitoli Idanoi Academic Year 2023/2024. Thesis. Mentor: Toroziduhu Waruwu, S.Pd., M.Pd.

This research is motivated by the low learning outcomes of students in science subjects and the implementation of the learning process in the classroom is still centered on the teacher. This research aims to: (1) Describe the implementation of the learning process through the application of the Cooperative Script learning model. (2) Describe the learning outcomes of students in science subjects through the application of the Cooperative Script learning model. The research location is SMP Negeri 1 Gunungsitoli Idanoi. The research subjects were 30 class IX students consisting of 14 boys and 16 girls. This research was carried out in September - October 2023, odd semester in the 2023/2024 academic year. The research material in Cycle I is the Reproductive System in Humans, and Cycle II is the Reproductive System in Plants and Animals. The research method used is Classroom Action Research (PTK) which consists of four stages, namely: a) Planning, b) Action, c) Observation, and d) Reflection. The research instruments are: a) Observation sheets, b) Learning outcomes tests, c) Documentation. Research results: (1) The implementation of the learning process through the application of the Cooperative Script learning model in accordance with the learning process observation sheet (teacher respondents) in Cycle I had an average percentage of 60,42% and in Cycle II it was 84,38%. Furthermore, according to the observation sheet of students who were actively involved in the learning process in Cycle I, the average percentage was 62,36% and in Cycle II it was 88,54%. (2) The learning outcomes of students through the application of the Cooperative Script learning model in Cycle I averaged 68,93 with sufficient criteria with a completeness percentage of 56,67% and in Cycle II the average learning outcomes amounted to 80,67 good criteria with a complete percentage 83,33%.

Keywords: Cooperative Script, Learning Outcomes
