

ABSTRAK

Telaumbanua, Yupiter. 2025. Peran Pengawasan Kecamatan Dalam Pengelolaan Dana Desa Di Kecamatan Sawo. Skripsi. Pembimbing Dr. Ayler Beniah Ndraha S.STP.,M.Si.,C.PS

Penelitian ini bertujuan untuk menganalisis peran pengawasan kecamatan dalam pengelolaan dana desa di Kecamatan Sawo, Kabupaten Nias Utara. Latar belakang penelitian ini didasarkan pada pentingnya pengawasan sebagai upaya untuk memastikan bahwa pengelolaan dana desa berjalan sesuai dengan ketentuan peraturan perundang-undangan, transparan, akuntabel, serta berpihak pada kepentingan masyarakat. Penelitian ini menggunakan metode kualitatif, dimana data diperoleh melalui wawancara mendalam, observasi, serta dokumentasi terhadap perangkat kecamatan, aparat desa, anggota Badan Permusyawaratan Desa (BPD), Rukun Tetangga (RT), dan masyarakat. Hasil penelitian menunjukkan bahwa peran pengawasan kecamatan diwujudkan melalui fungsi koordinasi, pembinaan, dan monitoring terhadap pemerintah desa. Pihak dari Kecamatan Sawo secara rutin mengadakan pertemuan dengan aparatur desa untuk memberikan arahan terkait penggunaan dana desa, memfasilitasi penyusunan perencanaan, serta melakukan evaluasi terhadap laporan pertanggungjawaban. Pengawasan ini berperan dalam meningkatkan kedisiplinan administrasi, memperkuat transparansi, dan mendorong terjalinnya komunikasi antara desa dengan pemerintah kabupaten. Namun demikian, ditemukan pula kendala berupa keterbatasan sumber daya manusia, (seperti kurangnya pemahaman teknis aparatur desa), keterlambatan laporan pertanggungjawaban desa, pemborosan anggaran, serta masih rendahnya partisipasi masyarakat dalam pengawasan.

ABSTRACT

Telaumbanua, Jupiter. 2025. The Role of Sub-district Supervision in the Management of Village Funds in Sawo District. Undergraduate Thesis. Supervisor Dr. Ayler Beniah Ndraha S.STP.,M.Si .,C.PS

This study aims to analyze the role of sub-district supervision in the management of village funds in Sawo District, North Nias Regency. The background of this research is based on the importance of supervision as an effort to ensure that the management of village funds runs in accordance with the provisions of laws and regulations, is transparent, accountable, and is in favor of the interests of the community. This study uses a qualitative method, where data is obtained through in-depth interviews, observations, and documentation of sub-district officials, village officials, members of the Village Consultative Body (BPD), Rukun Tetangga (RT), and the community. The results of the study show that the role of sub-district supervision is realized through the coordination, coaching, and monitoring functions of the village government. Party of Sawo District routinely holds meetings with village officials to provide directions related to the use of village funds, facilitate the preparation of planning, and evaluate accountability reports. This supervision plays a role in improving administrative discipline, strengthening transparency, and encouraging communication between villages and district governments. However, obstacles were also found in the form of limited human resources, (such as lack of technical understanding of village officials), delays in village accountability reports, budget waste, and low community participation in supervision.
